Google Classroom

Think of Google Classroom (GC)
as your child's digital link to
learning.

Teachers use GC to post
assignments, homework, due
dates, and much more with
students AND parents!

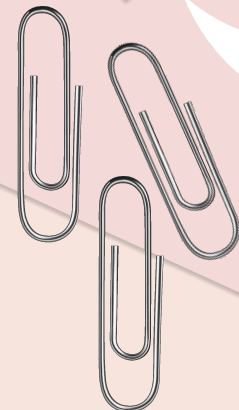

Logging Into Google Classroom

We have a Google Classroom this term. The easiest way to access it from home is to have your child open it up for you on their Chromebook or ipad. They will need to be logged in with their school account.

If you are using your own computer:

1. Open the Google Chrome Browser
2. Type www.google.com
3. Click on **SIGN IN** in the upper right hand corner of the browser window. If you are logged in as a parent then add a person.

Logging Into Con't

4. Type in your child's [Google Email address](#) (it looks like this : xxxxxxx@school.ecsd.net Replace the X's with the students 7 digit ID number) and press "[next](#)".

5. Type in the student [PASSWORD](#) & click "[next.](#)" The password is unique to each child.

Now you will see that the student is signed in to their Google Apps for Education account!

What if my child is ill?

- Please keep students home if they are demonstrating any symptoms

refer to checklist on next slide

- If your child needs to stay home, they will be able to access certain assignments through the Google Classroom (make sure you are able to login at home!)
