# A BIT ABOUT ME

Hello my name is Barb Wiczorek. I have been teaching for 30 years, mostly working with grades 1-3. This is my 14<sup>th</sup> year at St. Paul. I have 5 children, three boys and two girls. When I'm not teaching, I love reading, going for walks, with my husband, baking, and doing Zumba classes. I love teaching and watching children grow over the course of a school year. I believe each child is unique and special. They all develop at their own rate and in their own time. I believe that their success depends on everyone- students, parents, and teachers working together. My favourite quote comes from Mother Teresa. She says: "We cannot do great things on this earth, only small things with great love". It sums up how I would describe what happens in my classroom. It brings me great joy to celebrate so many special moments with your children. I look forward to watching them grow this year and meeting each of you.
