Thanksgiving Prayer

O'God of Creation, you have blessed us with
the changing of the seasons.

As we welcome the autumn months, may the
earlier setting of the sun remind us to take time
to rest.

May the brilliant leaves remind us of the
wonder of your creation.

May the steam of our breath in the cool air
remind us that it is you who gives us the breath
of life.

May the harvest from the fields remind us of
the abundance w have been given and the
bounty we are to share with others. Amen
